PAYMENT POLICY FOR
LABOR AND INDUSTRIES
OR PERSONAL INJURY

Dear Patient,

Welcome to our clinic.

It has been out experience that it is wise to have a complete understanding with our patients as to our office policy and fees.

If you were injured on the job, most employers carry Industrial Insurance to cover your injury and care. It is important that you report your injury immediately to your supervisor. There is no out-of-pocket expense to the patient regarding an authorized job related injury claim. Please, let our front desk people know if this is a job related injury so that you can fill out the proper ser-up information.

If you were involved in an automobile accident or related injury that covers medical expenses 100%, we will gladly accept your case with the following provisions:

1. **You** need to inform our clinic that this is a personal injury case at your initial visit.
2. **You** will need to provide all information for billing the insurance carrier. Benefits will be assigned to our office for direct payment of services rendered. Until your coverage has been verified, we will expect payment at the time of service.
3. **You** are responsible for payment of all outstanding balances, within 60 days, if you choose to discontinue treatment at our clinic before your claim is closed or settled
4. It is our policy that any patient involved in a controversial legal action pay for services rendered at the time of treatment and be reimbursed by their insurance carrier(s).
5. If your claim is not approved, you the patient will be responsible for the charges incurred.
6. We reserve the right to charge for missed appointments without 24 hours notice (i.e. 15 minute appointment $25.00, 30 minute appointment $65.00).

If you are in agreement with this policy, please sign below:
